Responsibilities: Supported in the general maintenance, and cleanliness of store. Contact: Greg Snowden (415) 307-1737

**Letter of Recommendation:**

To whom it may concern,

My name is Justin Bench and I run a video production company, [1takewonders.com](http://1takewonders.com). Jeremy Snowden has worked with me for close to a year now, and he is an invaluable part of my team. He handles between 30% - 50% of the total responsibilities for filming events as well as in the post production editing process. He's reliable, always follows through on our agreements and is ready to go when I need him. When we're on a shoot, or editing a piece, Jeremy is fully dedicated to getting what we need and delivering quality results.

When filming on sets and at events, each project is a different creation, with no set roadmaps, so we often have to troubleshoot on the fly. Jeremy is very considerate of all the factors involved in the filming process and he thinks well on his feet, constantly suggesting ideas for how to best get the job done.

We also have to learn and try new techniques quite often in this trade. Jeremy is a quick learner, picking up new skills as needed and then managing projects on his own. I can hand him a stack of raw footage, with instructions for what we need, and he delivers. He'll usually offer creative ideas and suggestions along the way that he sees as needed.

I don't know what I'd do without him.

Kind regards,

Justin Bench
