---

**Computer and Video Related Knowledge:**

Proficient with Mac OS X as a platform in both desktop and server configurations  
OS installation and disk partitioning/striping  
Troubleshooting video hardware and rack engineering  
Proficient with digital workflow for non-standard / new media projects

**Software:**

Avid Media Composer	Final Cut Pro	Photoshop
Autodesk Smoke	After Effects	DVD Studio Pro

**Employment History:**

**2009-Present**

**Freelance Post-Production**

Working in various capacities such as Assistant Editor, Editor, Director of Photography and Finishing Editor. Clients include AQKA, Collaborate Communications, Cutwater, McCann Worldgroup, Y&R, Mekanism, Phoenix Editorial, Arcade Edit, Final Cut LA, NTropic, The Rehab and Teak Motion Visuals.

**2003-2008**

**Phoenix Edit Effects & Design**

Responsibilities included editing, assistant editing, and IT support. Anything from loading dailies, prepping graphics, color correction, to building and maintaining workstations, designing complex finishing workflows, and facility wide systems integration was a part of my day to day job description.

**2003**

**aaronOvideo Productions**

Worked as a freelance graphics artist responsible for creating a video piece to be used in the Young Life President's opening keynote address to the 3,200 staff attending the All Staff Conference

**2002**

**illustrated Man Productions**

*Editorial Assistant*

Assisted the Senior Editor with creating motion graphics, conversion, transcoding and compression of media files, as well as non-linear editing

**2002, 2003**

**Young Life's Woodleaf**

*Videographer/Editor*

Responsible for producing, shooting, editing, duplication and distribution of a weekly video throughout the summer

**2000-2001**

**KWWL Television Channel Seven (Market 88, NBC Affiliate)**

*Production Assistant*

Studio Responsibilities included:

Camera operator, audio operator, Chyron iFiNiT! operator, tape operator, and teleprompter operator
