

Ride-a-Wave is a unique northern California non-profit organization whose goal is to give mentally and physically handicapped kids and adults the thrill of surfing. When they needed to put together a public relations campaign to raise awareness and spread their message, CLAi offered to capture all the action on the beach and in the water....

Our RED camera is coming - but for now our F900 is the gold standard in high definition cameras - with unrivalled picture and audio quality, bringing exceptional images and sophistication for our corporate, agency, and broadcast clients. The F900 joins our HDW-700A and three lightweight cameras to form a truly wicked HD shooting arsenal.

CLAi produce exceptionally effective, award-winning corporate video and television programs for national and international marketing, PR, advertising and broadcast clients - and we do it very well, if somewhat differently in concept, execution and style to most organizations. From concept and scripting to shooting and 3D animation to editing and DVD authoring, in either standard or high definition. Whatever you need, whenever you need it, however complicated or simple a project - if it involves video in any way give us a call at CLAi... 831.477.1806...
