

Richard A Ross

Audio Post Production and Film Reel

I am a sound designer and an audio post production engineer. I have many years experience with audio editing, engineering, mastering, 2.1 / 5.1 / 7.1 surround mixing, dialog clean up / editing, and designing soundtracks. I have original or licensed music and sound effects library for film or video and have completed audio post production for more than 80 film projects including podcasts. I have a full looping / ADR / Voice Over set up.
