EXPERIENCE

Weddings/Events/Film/Commercial 2009–Current

I have been doing weddings since 2009 and have worked all over Southern California and now Northern California and Northern Nevada.. My expertise is on making women feel and look amazing and flawless without compromising the individual's' uniqueness. I work with High Definition foundations, high end makeup products, and amazing tools to get fabulous end results. I also have the options of high quality airbrushing and lashes for clients so they can achieve their desired look.
